On Track is proud to be a part of the Amateur MX online magazine featuring one of our many students. With over 100 students nationally in grades K-12, On Track welcomes the opportunity to recognize the hard work and dedication that our students demonstrate in order to achieve their goals.

Among the menu of curriculum options available, On Track offers a private school enrollment with a distant learning approach. Currently Keaton is enrolled in the 8th grade and his curriculum consists of both online and text based courses. Keaton is maintaining an A average in his courses and is right ON TRACK!

Keaton: "On Track has helped me train and get a great education in So Cal during the winter months for the past two years. It is great that Andrea can meet with her students to make sure that they are On Track. I really like the programs she uses and how quickly you get feedback on how you are doing."

Andrea: "Keaton is an enthusiastic learner! Since he has been with On Track he has been working hard to get ahead so that he can focus on the nationals in Texas. Keaton's grades are all A's and I am very proud to have him as a student!"
